EXPERIENCE

Freelance

January 2017 - Present

- Working with small businesses to develop brand identities, overhaul websites, and update their UX/UI design.
- Developed 3D scanning and 3D printing capabilities for various clients to fit needs on various projects.

MICROSOFT

June 2010 - October 2016

Vendor Product designer 2, alias v-plou, Microsoft group WDG-Windows Devices and Games

- Sole individual in the art department covering the support websites for Xbox, Surface, and Band
- Reorganized the process of creating illustrations and organization for thousands of images.
- During high demand times, before product launches or user testing, I was in charge of interviewing additional graphic designers, delegating projects and art directing them by giving them instruction, teaching them how to do high level Photoshop and Illustrator functions, providing feedback on design and making final decisions.
- Prototyping of ew designs for support.xbox.com website for user testing
- Created numerous icons to improve UX/UI messaging using a word association process I learned in the advertising industry.
- Designed new layouts and looks for the site www.support.xbox.com.

FliiPixel, LLC

2004 - 2010

Founder and Creative Director

The main industry in Charleston, SC was real estate.

- Worked with realtors to develop logos, UX and UI websites and mailers
- Recruited and hired PHP developers to create scripts to download the MLS database every night for real estate searches.
- Sold MLS database subscriptions, domain names and hosting space to the to the realtors creating passive income
- FliiPixel was the only 3D studio in Charleston so I worked with top architects to create photorealistic 3D models rendered to show how their work would look in a completed state.
- Charleston was an area for entrepreneurs, so I was hired by many startups to create their logos and websites.

Major clients include: **Charleston Aquarium, Blue Ion, Gee Creative, Weichert Realty**

Atari

2002 - 2004

Graphic Designer

- Designed video game packaging, cover art and logos.
- Art directed top comic book illustrators in the business.
- Created collateral material, such as magazine ads, cardboard standups and trade booth graphics for PS2, Xbox, Gamecube and PC video games.

Major clients include: **Enter the Matrix, Godzilla, Deer Hunter, Roller Coaster Tycoon 2, Pac-Man**

The Creative Group

1999 - 2002

Graphic Designer

- Freelanced throughout Boston and the surrounding areas.
- Designed numerous websites, advertisements, brochures and books.

Major clients include: **Houghton Mifflin, Akami, The Learning Company, Fleet Bank, Mattel, New England Medical Center**

SMASH Advertising

1999 - 2002

Graphic and Motion Designer

Smash Advertising was one of Boston's top advertising agencies located on chic Newbury Street.

- Designed web, print and outdoor campaign advertisements for major national clients as well as 3D modeling.
- Trained in After Effects and animation.
- Created motion effects for documentaries on the History Channel.

Major projects include: **The History Channel, NBC Sports, Ringling Brothers Circus, Jamie Foxx Show, Oxygen Television**

Freelance

1998 - 2000
